

**NATIONAL
DRUG SURVEY
2014 - 2016**

Contents

CONTENTS

The Core Expert Committee	11
Preface	15
Chapter 1: Background	19
Global Scenario.....	21
Concerns in India.....	23
Government Initiatives in India	25
Drug Quality Surveys in other parts of the world	26
References	29
Chapter 2: Objectives	31
Chapter 3: Unique Features of National Drug Survey	35
Chapter 4: Conceptualisation	43
Ethical and Legal Considerations.....	46
Chapter 5: Pilot Study	51
Scope.....	53
Objectives.....	53
Methodology	53
Training	54
Sample Size.....	56
Sampling Methodology	56
Major Observations of the Pilot Study	57
General Observations	57
Anecdotal Experiences	57
Sourcing the Retail Outlets	57
Collection of Samples	57

Packaging of Samples	58
Documentation	58
Training	58
Results of the Sample Collection	59
Results of the Laboratory Tests	60
Conclusion	61
Chapter 6: Design	63
Source	65
Population	66
Molecules	66
Formulations	66
Quality of Drugs	67
Survey Objectives	67
Coverage Issues and Decisions	68
Statistical Design	68
Population Units	69
Sampling Scheme	69
First Stage of Sampling	70
Second Stage of Sampling	70
Third Stage of Sampling	70
Implementing the Sampling Scheme	70
Estimation of Parameters	71
Sample Size	73
Sampling from Ports	76
Procedure for Drawing Samples from Imports	78
Summary	79
References	80
Chapter 7: AKS Software	81
About AKS Software	83

Development of the Drugs Survey – AKS Software	84
Phase I: Planning.....	85
Phase II: Preparation	90
Phase III: Software Validation and Operationalization	91
Presentation and Offline Demonstration of the software at Drugs Consultative Committee (DCC) Meeting at Central Drugs Standard Control Organization, HQ	91
Field validation of AKS Software at Chennai Workshop	92
Pilot Study	94
Training for Trainers	95
Training for Trainees	96
AKS Software for main Drug Survey	98
Phase IV: Maintenance	99
Phase V: Statistical Analysis of the Drugs Survey Data	99
References	100
Chapter 8: Training	101
Training Concept	103
Training Objectives	103
Training Purpose	103
Key Assumptions in Training.....	104
Roles and Responsibilities of State Drug Control Departments....	105
Roles and Responsibilities of Representatives of Civil Society/Pharmacy Council of India	105
Cascade Methodology	106
Training Support	108
Training Rollout.....	108
Outcome	113
Chapter 9: Main Survey	115
Pre-Drug Sampling Preparation.....	117

Identification and training of sample drawing team.....	117
Availability of physical resources	117
Sampling Procedure	117
Locating the Source.....	119
Drawing of samples from the Source, feeding the data of the Source & sample particulars in the Data Form...	121
Packing the samples and posting them along with the Data Form to NIB after feeding the particulars in the AKS software.....	131
Receipt of Samples at NIB, Visual Inspection and Transport of Samples to Laboratories	135
Receipt of Samples at NIB.....	135
Visual Inspection.....	135
Segregation of Samples	137
Transport of samples to drug testing laboratories.....	137
Receipt of Samples, Testing and Reporting of Results by Laboratories.....	138
Receipt.....	138
Test/Analysis Methods and Specifications	139
Reporting of Results	139
Chapter 10: Survey Results and Analysis.....	141
Introduction	143
Questions on Conduct of the Survey	144
Questions on Quality of Drugs	144
Sampling	145
Selection of Sources	145
Distributions of Samples.....	146
Selection of Formulations.....	148
Analysis of date expired samples.....	148
Batch Consistency	149
Hit Rates	150

Retail Outlets	150
Analysis of Part-A Data.....	152
Coverage of Outlets and Hit Rates	152
Analysis of Part-B Data.....	154
Distribution of Number of Samples in Retail Outlets	161
Inclusion Probabilities of Molecule IDs.....	162
Coverage of Dosage Forms	165
Analysis of Lab Data.....	167
Government Sources	176
Analysis of Part-A Data.....	176
Coverage of Outlets and Hit Rates	176
Distribution of Number of Samples in a Govt. Source	180
Analysis of Part- B Data of Government Sources.....	181
Coverage of Molecules	181
Dosage Forms	187
Expired Formulations	188
Lab Test Results and NSQ Proportion.....	190
Ports	198
Analysis of Spurious Drugs	203
Summary	206
Summary of Survey Aspects.....	206
Summary of Lab Test Results and Quality of Drugs	207
National Survey NSQ and Spurious Drugs Database.....	208
Retail Outlets.....	208
Government Sources.....	208
Ports.....	209
Chapter 11: Summary & Recommendations	211
Introduction	213
Ministry of Health and Family Welfare	213

Findings of National Drug Survey	215
NSQ and Spurious Drugs Database	215
Retail Outlets.....	215
Government Supply Chain.....	215
Ports.....	216
Recommendations	216
Government	216
Drug Regulators	219
Government Drug Testing Laboratories.....	221
Drug Manufacturers	221
Drug Distributors and Retailers	222
Civil Society.....	223
Health Professionals	224
Epilogue	225
Abbreviations	227
Glossary	233
ANNEXURES	
Annexure 1	
Ministry’s In-principle Approval Letter to NIB for Undertaking Drug Survey	239
Annexure 2	
Ministry’s Approval Letter to NIB for Conduct of Drug Survey	243
Annexure 3	
References of 47 Global Drug Quality Surveys	247
Annexure 4	
State-wise Drug Survey Data	255
Annexure 5	
Test/Analysis Data of Drug Samples - Source wise	297
NIB Resource Persons	455
