

No. Q/NIB/17-18/104

Date: 14th. November 2017

AMMENDMENT No.-I

TENDER FOR CALIBERATION OF LABORATORY EQUIPMENT.

This has reference to this Institute's Tender Enquiry No. Q/NIB/17-18/104 dt.31.10.2017 due for submission on 22.11.2017 for Calibration of Laboratory Equipment. An amendment has been incorporated in the tender which should be taken note prior to submission of bids. The details of amendments are as follows:

- A. Point No.13 at page No.10 states:** Test equipment used for calibration should be of standard quality ensures traceability to international standard along with valid certificates of calibration and traceability.

Please read as:

Test equipment used for calibration should be of standard quality ensures traceability to National & International standards as applicable along with valid certificates of calibration and traceability.

- B. Point No.19 at page No.11 states :** No damage or repair to any of the equipment/instruments shall be caused during /out of the calibration process. If any damage occurs, the service providers shall be responsible for the repair/replacement of the same to the satisfaction of the competent authority at their own risk and cost. The decision of Director, NIB in such cases will be final binding to the bidder.

Added para:

The "equipment" will be in good working condition while handing over to calibration agency. If the same found faulty/nob-functional the agency has to inform immediately to NIB.

All other terms and condition of the tender referred to above shall remain unchanged.
