**Office Memorandum**

The Ministry of Health & Family Welfare has desired that the samples of drugs picked by the field staff of CDSCO which were sent to CDL/CDTL be tested on targeted timelines so as to ensure timely action on the basis of the test and analysis report.

It is pertinent to mention here that this issue was deliberated in the Drugs Consultative Committee (DCC) meeting in the past and it was decided to set following targets for testing.

- c. For Schedule C & C1 class of Drugs – 90 days.
- d. Other drugs – 45 days

In view of the above, it is therefore requested to adhere to the above time lines so that timely action may be taken by officers concerned on the basis of the test and analysis report of the sample.
